House 127 Flat 6A.

WORK EXPERIENCE

Shadhin Music Ltd - (Gakk Media Ltd)

Software Developer (Frontend)

October 2022 to Present

- Implemented various features like the **Stream & Win campaign, playlist, payment, and authentication** for Shadhin, the number one audio platform in Bangladesh.
- Restructured the project and refactored old, unmaintainable code to be more readable, maintainable, and clean, significantly increasing performance by reducing initial loading time.
- Built a report management system from scratch using React for viewing various types of data reports, utilized by telecommunication clients (Banglalink, GP, Robi).
- Developed VAAS services and updated features as per client requirements.
- Mentored and guided junior teammates.

Hashcode

Software Developer

January 2022 to September 2022

- Developed and maintained web and mobile applications using JavaScript, React, React Native, and Node.js.
- Collaborated with cross-functional teams to design and implement new features.
- Resolved performance issues for various client products.
- Converted Figma designs into functional components as per project requirements.
